It's too much money in here

This money over there, this money over here  
This money over here it's money everywhere  
It's too much money in here  
I get get money I'm bout getting the cash,  
I get get money I'm bout getting the cash  
I get get money I'm bout getting the cash  
That's why niggas getting the money... the cash

It's hard to play your part if you ain't got no heart  
Listen to chain you got me getting brain that's why I'm  
so smug  
You ain't the smart... that's a... you might as well... go

Is stupid people you can truth to me help  
But if you ain't around a bunch of bro people  
Than you stupid yourself

[Hook:]

I'm so icy like Gucci but I don't wear Gucci bags  
I'm... I don't do the Louie and Gucci racks  
You close tighter than your wife with the groupie...  
Home she stop I strangle with your own scarf  
I'm side to my own label I'm my own boss  
But your pay checks less checks with my own...  
If you ain't got my ringtone check your phone off

'Cause all this very clear...

I'll be making your chick there drop  
I make the hair shot I'll begin my top moon off  
I'm not a bad person but I put man working  
This mother f\*ckers got cass cursin  
Everybody say they aliens I guess I'm the last...  
But you will never catch me jerk and swag surfing  
No 'cause I don't do the shit kids do  
My flow sicker than the pick flu  
Get the cash

[Hook:]

Do you leave teddy bears in the cando
