Honeybee, don't look at me that way  
honeybee, don't look at me that way  
I've got plans,  
I'm workin' on being a holy man  
Honeybee, don't come so close to me  
honeybee, don't come so close to me  
an' watch your hands,  
you can't put a hold on a family man  
Hang on tight  
through another lonely night  
Honeybee, you don't look so good to me  
honeybee, you don't look so good to me  
I've got plans,  
I'm workin' on being a holy man
