[Verse 1]

Let me be ya teacher, I'm gonna school ya
About some things I wanna do to ya (if you wanna,
wanna, wanna)
Don't be afraid to take some direction
How can I show you to posses them.
(Come closer, closer, closer)

[Pre Chorus]

Oh baby I'm bout to set it off at your adventures site (site site)
Don't worry wont take you anywhere you don't like (like like)
Just sit back relax let me be your guide. (guide guide)
There's so much we haven't tried

[Chorus]

Cause I'm bout to activate
Your fantasies baby why won't you let me create
Cause I'm bout to take you to a whole other level.
Cause I'm bout to activate
Your fantasies so I can send you to out of space.
(I'm bout to activate that other side tonight)

C'mon c'mon c'mon

You can't fuck with one million how you gonna put
mirrors on the ceiling
So you can watch me do me

You ever fuck the stunnstar island nah
You ever made love to a stunner nah
You know you remind me of my medallion nah.
Got no flaws dress no draws seven nights
Even got strong jaws
Call me Diddy the boss of the city
House so big you get lost in my city.
