I looked in your eyes  
And for the very first time I  
Watched the sunrise in  
Colours I've never seen before  
It's like the sky was  
A brighter shade of blue  
I feel like I've been sleeping all this time  
And now I'm awake

All this times I've been missing  
Doesn't matter now I'm living  
Almost lost my faith in love  
But since you came, in love I trust

I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
Cause of you I can

I can breathe again  
I can breathe again

All my life I've wanted to be loved and  
Kept in accepted with you there is no judgement  
Maybe I've been sleeping all this time  
And now I'm awake

All this times I've been missing  
Doesn't matter now I'm living  
Almost lost my faith in love  
But since you came, in love I trust

I can love again

I can breathe again  
I can feel again  
And it's cause of you I can  
I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
Cause of you I can

I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
I can love again  
I can breathe again  
I can feel again  
And it's cause of you I can  
Cause of you I can
