Yo Cassie you a bad b*tch i'ma call you Lassie
Just left the tall a*s state Tallahassee
Don't mind me
Even with your GPS couldn't find me
Looking at this boy, i'ma call him McDreamy
I was wondering if he got good Dick Cheney
Got a Lamborghini so them doors gone high
In a buttoned down Chris Brown bow tie

(Cassie)

I'm a bad bad woman but you already know
I'm hard to handle baby I need a animal

You can't understand it, i'm so stupid with it, boy i'll
f*ck u silly AY

Way out of control, I put it down for sure
On the bar or on the floor, so what you waiting for?

You can't understand it, i'm so stupid with it, boy ill f*ck
you silly AY
You can't even stand it, i'm a superwoman, boy ill f*ck
you silly AY
You don't wanna give it away (x2)

So hey there cowboy, I need a little love
And i'm a ride or die, so baby giddy up

You can't understand it, i'm so stupid with it, boy ill
f*ck you silly AY

I make a lot of noise, I wake the neighbors up
I get it popping daddy 'cause i don't give a what

You can't understand i, i'm so stupid with it, boy i'll f*ck
you silly AY
You can't even stand it, i'm a superwoman, boy i'll f*ck
you silly AY
You don't wanna give it away (x2)

Ooh ain't no position too explicit, i'm so bad

The best you ever had, come try me baby
And you can come and get it, hop in and make it splash
If you can handle that, handle that oh
'Cause I don't wanna get this party popping without you
babe
Without you babe
I'll let you grab me by the hair and I don't even care
who hears me screaming and shout oh

(Nicki)

Hmmmm...Hmmm..
Is that my cue?
I'm looking for some brain to boost my IQ
I'm like 5'2, my SAT scores was high too
But I don't wanna brag I Louis Vuitton bag em
Hopped out the Jag proceeded to shag shag them
Thought he was a queen I dra-dra-dra-dragged em
Dodged to the room and whipped out the magnum
Slim trim also light skinned now pe-pe-peter put the
pipe in
Yes sir I am that b*tch, f*ck you silly like the rabbit
Giddy up giddy up now wake diddy up diddy up diddy
up
Young money Nicki bad boy Cassie you wanna menage
now lets get nasty
