What do you know?
This chapter is closed
I'm calling a taxi
I'm taking my clothes

We're two different people
nothing to say
no one's familiar
only their names

Girl in transition
taking it slow
missing the person
that i was before

I'm gonna find her
spend couple days
rekindle the friendship
i need that again (yeah)

[CHORUS]
I caught the first thing smoking
I left him a note
It read I just cant give you my heart anymore
I never knew it would feel so damn good

Don't need prescriptions
those pills made me sad
wish they would prescribe me

prescribed a new man
cuz he wouldnt listen
thought it was a given
I lived with the distance when we grown apart

Walking down madison
I noticed a change
guys they can see when youre back in the game
cuz I got em winking
tryin' to get near me
my ex, I forgot, who woulda thought
and it feels so good

[CHORUS]

I love the way I'm walking
love the way I'm talkin'
back to what im missing
yeah I'm a free girl
no I dont need no one
I'm by myself
so alive
it feels damn good again

[CHORUS UNTIL FADE]
