You've been waiting so long  
I'm here to answer your call  
I know that I shouldn't of had you waiting that long  
I been so busy  
But I've been thinking about what I wanna do with you  
I know them other guys  
They been talking about  
The way I do what I do  
They heard I was good  
They wanna see if its true  
They know ya the one I wanna give it to  
I can see you want me to  
Well it's me and you

It's me and you (now)  
I've been waiting  
Think I wanna make a move now  
Baby tell me if you like it (Tell me if you like it) x2

I was waiting for you  
To tell me you were ready  
I know what to do  
If only you would let me  
As long as your cool with it I'll treat you right  
Here is where you wanna be

I know them other guys  
They been talking about the way I do what I do  
They heard I was good  
They wanna see if its true

They know your the one I wanna give it to  
I can see you want me to  
And now it's me and you

It's me and you now  
I've been waiting  
Think I wanna make a move now  
Baby tell me if you like it  
(Tell me if you like it) x2

Baby I, love you all the way down

Get it right where you like it  
I promise, you'll like it (I swear)  
Just relax and let me make  
A move  
Its our secret  
That we'll keep between me and you

It's me and you now  
I've been waiting  
Think I wanna make a move now  
Baby tell me if you like it  
(Baby tell me if you like it) x2

(It just me and you)  
(make a move now)  
..-Fades out-..
