[Diddy]

You feel it uh It must be love haha yeah it feels like love
??

bad boy bitch

You know how we do

Stimulate my heart surrender my mind

Look at to my eyes if forever you find

Bad boy turn good how could it be true

And all thru my pain how could it be you

How could it be new

How could it be my cheatin way thru

How could it be as me as pursue about to get a white
suit

About getting a night job just to keep my mind

grounded in you

and in all that jazz what else can make a nigga spend
all his cash

A chick with a face

A chick with a little skinny waist

A chick with a mind to match her nice taste

plus I got the mind to snatch you like wait

Why you wanna tie me up like rick james

reverse the porche as long you got them

Little high heels on its on

[Cassie]

This is something I never wanted

Since I met you I've been on it

I think about you all the time

Can get you of my mind

I know this can't be love (I know this can't be love)

But baby it must be love (But baby it must be love)

Thinking im going

All of the way

I wanna show you but I'm afraid

I know you say it's all on me

Maybe tonight I let you see

I know this can't be love (I know this must be love)

But baby it must be love (I know it must be love)

[Chorus]

Don't wanna give in to you so easily
But I can't even fight that you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)

I heard you whisper something to me
Hold me close now baby don't leave
Emotions taking over
Some things controlling me
I know this can't be love (I know this can't be love)
But baby it must be love (But baby it must be love)
What am I feeling its getting stronger
And I can't hold it back for much longer
All though we try to be cool it's all because of you
I know this can't be love (I know this must be love)
But baby it must be love (Baby it must be love)

[Chorus]

Don't wanna give in to you so easily
But I can't even fight that you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)

[Diddy]

Nah in a minute Imma have check myself to the psych
ward
I'm going crazy and I don't know what I'm fighting for
Seems too easy to run from this and my mind saying
I can't really Fu** with this
try to resist but every passionate and kiss blows my
mind
Like a terrorist you can be mine on some forever shit
(Cassie: On sum forever Shit?)
I'm intregue believe me try to be tough but the look in
your face it's so delicating
It's Something you doing you got me in trance you got
me running and doing shit
I aint used to doing (that's right) thinking bout a chance
Maybe a slowdance maybe we hold hands fur coats
and france(keep going)
Go diving on beaches with white diamonds in the sand
then we handgliding over cans. And then you can be
my number one fan and I could be your love
In the club for as long as the song lasts

[Cassie]

The way you make me feel is got me crazy
Tell me what you doing tonight
I'll be there right away
Take a ride with you home late
Ohh when you know I giving my love

Boy I so glad that you're mine (you are mine)
Do you wanna spend some time with me

Don't wanna give in to you so easily (don't wanna give
in)
(don't wanna fight it) But I can't even fight that (you
make me so weak) you make me so weak (I can't deny
it)
And I can't understand what you doing to me (yes I like
it)
But I like it (I like it) I like it (I like it)

Don't wanna give in to you so easily (don't wanna give
in)
(don't wanna fight in) But I can't even fight that (you
make me so weak) you make me so weak
And I can't understand what you doing to me (yes I like
it)
But I like it (I like it) I like it (I like it)
