[Diddy]

You feel it uh It must be love haha yeah it feels like
love ?? bitch
You know how we do
Stimulate my heart surrender my mind
Look at to my eyes if forever you fine
Bad boy turn good how could it be true
And all thru my pain how could it be you
How could it be new
How could it be my key the way its do
How could it be as me as pursue about the ghetto wise
do
About getting a night job just for keeping my mind
grounded in you
and in all that jazz what else can make a nigga spin
doles cash
A chick with a face A chick with a little skinny waist
A chick with a mind
A matching nice taste plus I got the mind to snatch you
like way
Why you wanna tie me up like regains reverse the
poops
as long you gotta
Little high heels on its on

[Cassie]

This is something I never wanted
Since I met you IÂ've been on it
I think about you all the time
Can get you of my mind
I know this canÂ't be love (I know this canÂ't be love)
But baby it must be love (But baby it must be love)
Thinking of going
All of the way
I wanna show you but IÂ'm afraid
I know you say itÂ's all of me
Maybe tonight I let you see
CouldnÂ't this be love (I know this must be love)
But baby it must be love (I know it must be love)
DonÂ't wanna give in to you so easily

But I can't even fight that you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)

I heard you whisper something to me
Hold me close now baby don't leave
Emotions taking over
Some things controlling me
I know this can't be love (I know this can't be love)
But baby it must be love (But baby it must be love)

What am I feeling its getting stronger
And I can't hold it back for much longer
All though we tryna be cool it's all because of you

I know this can't be love (I know this must be love)

But baby it must be love (Baby it must be love)
Don't wanna give in to you so easily
But I can't even fight that you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)

[Diddy]

Nah nah in a minute I must have check myself to the
psycho
I'm going crazy and I don't know what I'm fighting
for
See it's too easy to run from this and my mind says
I can't really Fu** with this
tryna resist but every passion and kiss blow my mind
Like a terrorist you can be mine one some forever shit
I'm a treat believer tryna be tough but the look in
your face it's so delicate
It's Something you do if you got me in trance you got
me running and doing shit
I aint used to doing (that's right) thinking bout a
chance
Maybe a slowdance maybe we hold hands for our coats
and
friends (keep going)
Go diving on beaches with white diamonds in the sand
then we handgliding over can. And then you can be my
number one fan and I could be your love
In the club for as long as this song lasts

[Cassie]

The way you make me feel is got me crazy
Tell me what you doing tonight

Iâ€™ll be there
Take a ride with you homie
Ohh when you know I giving my love
Boy I so glad that youâ€™re mine (you are mine)
Do you wanna spend some time with me

Donâ€™t wanna give in to you so easily (donâ€™t wanna
give
in)
(donâ€™t wanna fight in) But I canâ€™t even fight that (
you make me so weak) you make me so weak
And I canâ€™t understand what you doing to me (yes I
like
it)
But I like it (I like it) I like it (I like it)

Donâ€™t wanna give in to you so easily (donâ€™t wanna
give
in)
(donâ€™t wanna fight in) But I canâ€™t even fight that (
you make me so weak) you make me so weak
And I canâ€™t understand what you doing to me (yes I
like
it)
But I like it (I like it) I like it (I like it)
