[Diddy]

You feel it, uh, it must be love, yeah it feels like love?
It's badboy, you know how we do
Stimulate my heart surrender my mind
Look at to my eyes and forever you'll find
A bad boy turned good how could it be true
And all thru my pain how could it be you
How could it be new
How could it be my cheatin ways through,
How could it be as me in pursuit about to get a white
suit
About getting a night job just to keep my mind
grounded and you
and in all that jazz what else can make a ni*ga spend
all his cash
A chick with a face
A chick with a little skinny waist
A chick with a mind to match her nice taste
Plus I got the mind to snatch you like way
Why you wanna tie me up like Rick James
Reverse the Porsche as long you got them little high
heels on
Its on

[Cassie]

This is something I never wanted
But since I met you I've been on it
I think about you all the time
Can get you of my mind
I know this can't be love (I know this can't be love)
But baby it must be love (But baby it must be love)
Thinking of going
All the way
I wanna show you but I'm afraid
I know you say it's all on me
Maybe tonight I'll let you see
Couldn't this be love (I know this must be love)
But baby it must be love (I know it must be love)
Don't wanna give in to you so easily
But I can't even fight that you make me so weak
And I can't understand what you doing to me

But I like it (I like it) I like it (I like it)

I heard you whisper something to me
Hold me close now baby don't leave
Emotions taking over
Some things controlling me
I know this can't be love (I know this can't be love)
But baby it must be love (But baby it must be love)

What am I feeling its getting stronger
And I can't hold it back for much longer
All though we tried be cool it's all because of you

I know this can't be love (I know this must be love)
But baby it must be love (Baby it must be love)
Don't wanna give in to you so easily
But I can't even fight that you make me so weak
And I can't understand what you doing to me
But I like it (I like it) I like it (I like it)

[Diddy]

Nah in a minute Imma have check myself into the psych
room

I'm going crazy and I don't know what I'm fighting for
Seem's too easy to run from this and my mind says
I can't really Fu** with this
trynna resist but every passion and kiss blow my mind
Like a terrorist you can be mine on some forever shit
tree believe me tried be tough but the look in your face
it's so delicate

It's Something you do if you got me in trance you got
me ruined doing shit I ain't used to doing (that's right)
thinking bout a chance

Maybe a slowdance maybe we hold hands fur coats in
France

Go diving on beaches with white diamonds in the sand
then we hand gliding over Cannes. And then you can
be my number one fan and I could be your love in the
club for as long as this song lasts

[Cassie]

The way you make me feel is got me crazy
Tell me what you doing tonight
I'll be there

Take a ride with you homie
Ohh when you know Im gonna give you my love
Boy I so glad that you're mine (you're all mine)
Do you wanna spend some time with me

Don't wanna give in to you so easily (don't wanna give
in)

(don't wanna fight in) But I can't even fight that (you
make me so weak) you make me so weak
And I can't understand what you doing to me (yes I like
it)
But I like it (I like it) I like it (I like it) x2
