Ah, Danja and Clutch
i miss you girl
i miss you girl
I'm'a make you my official girl

listen, today makes it a year
don't you think it's time that you made it clear
you gotta get on with this
tell me what it ain't or what it is
I can handle it
I've had it up to here
I don't wanna pressure you dear
I've sent back to back dudes
away from my door
thinking I was spoken for
not anymore

Chorus:
I'm tired
I'm tired
I'm tired
Of being your unofficial girl
unofficial girl
and I'm tired
I'm tired of trying
I'm still your unofficial girl
you gotta love me in the light and the dark
you gotta give me, give me
all of your heart
I wanna be your official girl
said I wanna wanna wanna be your
official girl
I wanna be your official girl
I wanna be your official girl
official girl

If you keep this up
there's bound to be a mess
I ain't really like the rest
put to the test
I could surely pass

you better do the math
I'm so stylish
so bossy
it'd be ashamed to say you lost me
but if you want that
it's a wrap
and I won't look back
(and I won't look back)

Chorus:

I'm tired
I'm tired
I'm tired
Of being your unofficial girl
unofficial girl
and I'm tired
I'm tired of trying
I'm still your unofficial girl
you gotta love me in the light and the dark
you gotta give me, give me
all of your heart
I wanna be your official girl
said I wanna wanna wanna be your
official girl
I wanna be your official girl
I wanna be your official girl
official girl

(Lil' Wayne)

Shorty say she wanna be my official
bang bang, I ain't talking no pistol
ain't no violence
ain't no silence
cause she scream to the top of her,
when I get on top of her
sounding like an opera
skip, drop hopin'a
got her feelin' popular
got her feelin' like she's she's my official girl
ya you so special girl
I never diss you and I'll kiss you on your lip too pearl
I know you like that baby
ya you like that baby
I know I can make you come..right back baby (ow)

I miss you girl
i miss you girl
I'm'a make you my official girl
You better act right
I'm two seconds from being out the door

i miss you girl
i miss you girl
I'm'a make you my official girl
said I won't be with you
unofficially anymore
and I can't make you choose
long as you're cool on knowing
you're bout to blow a good thing
and I ain't making ultimatums
I'm'a tell you this verbatim

Chorus:

I'm tired
I'm tired
I'm tired
Of being your unofficial girl
unofficial girl
and I'm tired
I'm tired of trying
I'm still your unofficial girl
you gotta love me in the light and the dark
you gotta give me, give me
all of your heart
I wanna be your official girl
said I wanna wanna wanna be your
official girl
I wanna be your official girl
I wanna be your official girl
