Over all the time was it over all the tears over all the thoughts of even loving you over all the hopes of thinking you gon even change when I know your gonna stay the same cause everytime I put my trust in you you find some way to break it you can't even look me in my eyes and tell me I'm not faking what's the point of crying anymore when we aint gon make it I'm so over it I'm so over it boy everytime we try to make it right it always seems to turn into a fight and I can't take it anymore so I'm walking out the door cause I'm over it over it no more broken promises no more lonely nights no longer will I cry for you cause you can't get nothin right I can't even look at you don't wanna see your face ooh boy this is such a shame everytime I put my trust in you you find some way to break it you can't even look me in my eyes and tell me I'm not faking what's the point of crying anymore when we aint gon make it im so over it I'm so over it boy everytime we try to make it right it always seems to turn into a fight and I can't take it anymore so I'm walking out the door cause I'm over it over it don't wanna even try to talk about it don't wanna hear your side I can do without it we spent to much time we gave to much love and now I'm taking it back because I'm over it oh oh oh oh I'm over it (cause I'm over it) oh oh oh oh I'm over it it (cause I'm over it) oh oh oh I'm over it oh oh oh oh boy everytime we try to make it right it all it always turns into a fight and I can't take it anymore so I'm walking out the door cause I'm over it over it oh oh oh oh I'm over it oh oh oh oh im over it oh oh oh oh I'm over it oh oh oh oh
