Situation!

She's single and the first time
This is the worst time
Cause she's only seventeen and she got to have a baby
Here comes the hurt time
The doctor and the nurse time
Should she keep it Yes, No, Maybe
She don't know what to do
She don't know what to say
Cause her momma won't listen
Her daddy gets mentioned like everyday
She went ahead and did it
But she wish she never had
She give birth to a 9-pound 6-ounce eyes brown plastic
bag
She was a runaway love

Runaway love

Situation!

He was a real heavy smoker
Shit all his friends was
They had a friendship that wouldn't break
A bond that wouldn't cut
He was always ready to hit it
Homeboy wouldn't admit it
But he was sprung on that shit
The closer he came the weaker he got to back it up
Didn't know what he was doing

Didn't know who he was hurtin'
Til his son and his daughter come smokin' by the tree
in the backyard
They went and told they momma
She said that's something we don't need
She said it's either your family or that D (Alright)

Runaway love

Situation!

This wasn't puppy love

This was a whole 'nother thing
And they only was together
Because their parent were the same
They didn't approve at all
Didn't care what they said
All this long while
They makin' plans in their heads
He said "Baby will you marry me?"
He started pullin' on her skirt
She said "Boy you know I want too my parents don't
want me to want You how will it work?"
He said "Don't worry bout it you know I got you baby"
3 o'clock that morning
