### "Skydiver"

Not hard to prove  
Both eyes closed  
Proof my lies  
Take that ride and I'll be right behind ya'  
And if love forms, why hesitate at all  
I cut that rope, parachute gone  
Love is jumping off a bridge and I'm going right behind  
ya'

There's only one way to go and it's not that way  
Running for no reason and now we gone into love here  
First time with you-ah you-ah

Risk taker just kiss me now  
Forget later, skydiver  
Come down baby, my skydiver  
I'll go high up  
Just to find ya and I'll fall wit ya' skydiver  
My skydiver, I'll fall if you say fall (fall [x4])  
Fall if you say

And I move through you too  
Mile high drive words get lost full speed love and I'm  
falling right behind ya  
Crash land, as hard as we can  
Whole world shook, we don't care  
Walk away from everything I'm going right behind ya'

There's only one way to go and it's not that way  
Running for no reason and now we gone into love here  
First time with you-ah you-ah

Risk taker just kiss me now  
Forget later, skydiver  
Come down baby, my skydiver  
I'll go high up  
Just to find ya and I'll fall wit ya' skydiver  
My skydiver, I'll fall if you say fall

No I'm not afraid of hitting the ground

Baby if you wanna go down, I'm down yea (I'm down,  
I'm down yea)  
You know your love is really pulling me down  
But I'm not afraid of hitting the ground  
I'm down, I'm down yea (I'm down, I'm down yea)

Risk taker just kiss me now  
Forget later, skydiver  
Come down baby, my skydiver  
I'll go high up  
Just to find ya and I'll fall wit ya' skydiver  
My skydiver, I'll fall if you say fall (fall [x4])  
Fall if you say *[repeat]*
