Say baby,  
I know you can't help but think that im suspect  
When i stay out all night  
Real talk girl i know it might confuse you, yeah  
And Lately  
I'm a be honest  
though i know it might be over  
I strayed and i can't lie  
I know it's wrong but i still don't wanna lose ya, naw

Cuz i had something they wanted  
You can't even blame me girl its hard to  
Love you faithfully when they chasing me  
Stunting the way that i do so,

Yeah  
You aint never gotta worry bout me creeping  
where i am at night secrets ill be keeping  
Right up in your bed is the only place ill be sleeping  
And this is why

I already did

And it wasn't good  
Stripping on my clothes just as fast as i could  
remember all those nights you was missing yo huh  
Didn't wanna stray but,  
I already did  
And it wasn't fun  
Got it out my system now baby your the one  
Just another night in the club with those chicks  
Made me wanna stray but-

Let me tell you baby  
If you think you so smooth, I already know bout what  
you did and what you gon do  
You aint hiding shit from me you should know that  
If you wanna dip on me baby go head  
See, Coming back home to me  
Cuz nobody else can put it down like me thats why you,  
Hang on to me, hang on to me  
Baby hang on
