what if
you were here with me
what if
you would have left me
what if
everytyhing went wrong
what if

(CHORUS)

everything i do or say always comes out wrong
i'm falling flat down on my face
right infront of you

were like romeo and juliet we are tottaly different
everyone thinks that i made the wrong decision but
my friends are harrasing me there always saying i
gotta break with you
uh ohh....

with you i will always so no cause your the only one
i will ever meet thats just right for me
and nothing will ever stand in our way

(chourus)

everything i do or say always comes out wrong
i'm falling flat on my face
right infront of youu

right infront of you
(repeat x3)

i know that you and me are just meant to be
sometimes you say that i'm a mystery
and that i the only girl you love

oh,ho,oh,oh

(chourus)

everything i do or say always comes out wrong
i'm falling flat on my face
right infront of you
