I'm in love and I really don't know where it came from
But it took over me
All I know is I really want to spend all my time with you
I never felt this way before in this life

So crazy
You finish my sentences
Oh baby
Can't explain just what this is
When you do what you do
When you did what you did to me
All I wanna know is

[Chorus:]
Whatcha gonna do now
When you got me in bed
Baby don't stop choking
Just tell me
Whatcha gonna do now
When you got me waiting
Anticipating
Just tell me whatcha gonna do

When you touch
That makes me say I can't get enough
Of you all over me
And I don't want you to be scared
To take me all the way there
I never felt this way before

So crazy
You finish my sentences
Oh baby
Can't explain just what this is
When you do what you do
When you did what you did to me
Oh you got me
All I wanna know is

[Chorus x4]
