1 2 3 hut!

anybody would of thought
i'd have dialed 911 the way you come running
And your right there by my side if
you think there's the slightest problem.

What makes you think that you
should have to try and solve them
Guess what im trying to say is

Don't try be my hero
Dont you know sometimes I
gotta make it on my own, on my own
and though i may stumble and fall
I break in and crawl
Don't try and be my
my hero, my hero
my hero, my hero

I know that your just looking like
your trying to protect me if you would
only took a second so you can see
I'm capable and im strong enough
I've got this and its not too much
dont need no Hercules, no superman
so wont you please
take a step back and let me go

Don't try be my hero
Dont you know sometimes I

gotta make it on my own, on my own
and though I may stumble and fall
I break in and crawl
Don't try and be my

you got this thing about you
always wanna be the one that comes through
For me but lately i think i can do it by myself
You got this thing that you do and I cant lie its kinda
cute but

don't try don't try be Yeah!

Don't you know sometimes, sometimes I
gotta make it on my own, on my own
and though i may stumble and fall
im break in and crawl
Don't try and be my
my hero, my hero
my hero, my hero

though i may stumble and fall
im breaking the crawl
Don't try and be my
my hero, my hero
my hero, my hero

La la la la la
ay yeah ee yea
