Since you've been gone  
All I wanted was for you to come  
Back to me and say sorry  
Baby I was wrong  
But I waited my faith is strong  
This hurt could be undone  
Time goes by and hope subsides  
I fell for way too long

I don't know when it changed  
Cause I was always imagining  
We'd be together  
Cause I loved you  
But Now your standing here  
I realized  
I'm really healed  
Cuz I feel better  
Than I thought I could do

I cried so many nights  
Wishing you were by my side  
My hearts so tired of breaking  
Suddenly here you are  
You're saying all the words  
I was waiting for  
But I don't want you no more

You got the same smile you did before  
It used to make me weak in the knees  
That look in your eyes used to drive me wild  
But I already made my peace  
Who knew there could come a time  
When you said yes and I said no  
Cause I missed you so long  
And since you been gone  
I've been trying to let you go

I don't know when it changed  
Cause I was always imagining  
We'd be together  
Cause I loved you  
But Now your standing here

I realized  
I'm really healed  
Cuz I feel better  
Than I thought I could do

I cried so many nights  
Wishing you were by my side  
My hearts so tired of breaking  
Suddenly here you are  
You're saying all the words  
I was waiting for  
But I don't want you no more

No more sleeping with the lights turned on  
No more weeping cause you didn't come home  
No more lonely inside this heart  
Your love don't live here anymore

I cried so many nights  
Wishing you were by my side  
My hearts so tired of breaking  
Suddenly here you are  
You're saying all the words  
I was waiting for  
But I don't want you no more

I cried so many nights  
Wishing you were by my side  
My hearts so tired of breaking  
Suddenly here you are  
You're saying all the words  
I was waiting for  
But I don't want you no more
