uh uh

she's perfect, tempary nails and fake lashes, eyes she catches
shes like a code but all the way she has being made of plastic
he's a rock 'n' roll, out of control, why does he like me better?
she's hollywood and i'm no good but he's not trying to swag her

she's in my ear like heres the thing
girls like you have no chance with him

oh no you can't have everything you want
and theres nothing you can do about it
oh no you can't have everything you see
and theres nothing you can do about me

uh uh

he's just so different from the other boys i've met around
his heads' not in the clouds and his feet are on the ground
i guess he likes the way i rock my hood, he likes my swager
she could have any other guy here so whats the matter

she's in my ear like heres the thing
girls like you have no chance with him

my oh my well i guess i fooled you all

uh

oh no you can't have everything you want
and theres nothing you can do about it
oh no you can't have everything you see
and theres nothing you can do about

oh no you can't have everything you want

and theres nothing you can do about it
oh no you can't have everything you see
and theres nothing you can do about me

then he took his hands, sliped it round my waist
you should have seen the look on her face
can't believe this is happening to me
oh please
when she walked by she pushed me
and i just stood there for a while
and i turned around, looked her in the eye
and i just mocked

she's that girl, girl with a body
the guys in the club all say shes a hottie
i'm not, and i guess i'm ok with that, cause i no i'm just
a girl and i think i want it bad

oh no you can't have everything you want
and theres nothing you can do about it
oh no you can't have everything you see
and theres nothing you can do about

oh no you can't have everything you want
and theres nothing you can do about it
oh no you can't have everything you see
and theres nothing you can do about me

lalalalala (repeated)
