As far as I can remember
You've always been around
Even when I didn't know you
You were the one the only one

All I ever wanted babe
Is die with you one day
Two as one
Forever
Just like yesterday

Hook

I wanna be your lover
Should we make it tighter
Be a slave to your rhythm
Should we make it out
I wanna be your lover
Should we make it tighter
Be a slave to your rhythm

All I want is just one thing
It's to never see you sad
I'll steal your tears and ride the lightning
And the four winds to make them dry

First and lost we'll always be babe
Whatever we do
Together forever
Just like lovers do

I wanna be your lover
Should we make it tighter
Be a slave to your rhythm
Should we make it out
I wanna be your lover
Should we make it tighter
Be a slave to your rhythm
Should we make it out

Back and forth
Step forward

Until four your eyes can't see
Back and forth
Step forward
Stand before and count on me

How can get to know you
How can how can
How can I get one more kiss
How can how can
How can I get one more miss
How can how can
