"Shake It"

Well you stood downtown on my street
You got the shakes from your head to your feet
I was just gonna say, but I won't anyway
Word up, damn straight, I'll take it
Ooh, you just gotta shake it

You move like the crack of a whip
And you slide your tongue on your lips
And I don't wanna go if you don't wanna know
Word up, damn straight, I'll take it
Ooh, you just gotta shake it

I was just gonna say, but I won't anyway
Word up, damn straight, I'll take it
Ooh, you just gotta shake it

Ooh yeah
Mmm yeah
Shake it, shake it
Ooh come on baby just shake it, shake it, shake it
Ooh shake it, shake it, shake it
Aww yeah! Yeah! Yeah!
Ooh c'mon, shake it, shake it
Aww yeah! Yeah! Yeah!
Ooh c'mon!
