Lay a sheet over the face of the picture
Off yellow paper form a new name
Make it east of misissippi and you're a hero
Picket lines of fence, picket lines of fence

[Chorus]

Think ahead, my lungs leapt in my throat
To choke, and move the lever now
My hands are shaking, and my eyes, my eyes are
shaking
Set up, set up

A single camera
A speckled line
To defend the time when
You were singled out to die just like the romans
It's spread out
Over 1,000 nautical miles
There's a crack in your window
There's a crack in your life

Think ahead, my lungs leapt in my throat
To choke, and move the lever now
My hands are shaking, and my eyes, my eyes are
shaking
Set up, set up

If this rolls over
To knock the spit out of my eyes
The machines calling you
To be a first rate army
I've tasted blood,
I've tasted wine and sweat and blood
I've tasted blood,
I've tasted wine and sweat and blood
Do do do do do do do do do do....etc.
Think ahead...my lung leapt in my throat...pull that lever
now...

Think ahead, my lungs leapt in my throat
To choke, and move the lever now
My hands are shaking, and my eyes, my eyes are

shaking
Set up, set up
My hands are shaking
