My eyes open cause sunlight
And start again boring days
But it lost cause friend laughed
Will be all change maybe

I'll start all
No matter I bored
I'll start all
No matter I bored

I want to break all my boring days
I want to changes my life
Because of you I can changes my life
Because of you I'm free

I want to break all my boring days
I want to changes my life
Because of you I can changes my life
Because of you I'm free

I'll start all
No matter I bored
I'll start all
No matter I bored

I want to break all my boring days
I want to changes my life
Because of you I can changes my life
Because of you I'm free

I want to break all my boring days
I want to changes my life
Because of you I can changes my life
Because of you I'm free

Because of you I'm free

My eyes open cause sunlight
And start again boring days
