"Close Your Eyes"

Hold on to my hand don't be afraid
I want to take you to a special place
Put a big smile on your face
All pain has been erased for good
You lie there helpless you can't go on
I'll get you through this let my words be your song
Your strength to carry on cause yesterday is gone
Today you're free
Close your eyes fall asleep
I am here with you and I'll never leave
Close your eyes fall asleep and I'll carry you I won't let
you go
So let's move mountains of any size
Soar to the heavens and leave this world behind
For I have heard your cry
All I have is yours all you had is mine
I'll never let you go
Forever hold you close
There's nowhere you can go to escape from me my
love
So fix your gaze above you're in the shadow of my love
