If all I had was one last breath
I'd spend it just to sing Your praise
Just to say Your name
If all I had was one last prayer
I'd pray it 'cause I know You're always listening

If I could live a thousand lives
Bind the hands of time
I would spend every moment by Your side

'Cause I, I know You're there, I know You see me
You're the air I breathe, You are the ground beneath
me
I know You're there, I know You hear me
I can find You anywhere

If all I had was one more song to sing
I would raise a noise to make the heavens ring
If all I had was one last chance
I'd take it, I would stake it all on You

And if I could rise up high
And catch a glimpse of every eye
I would make them believe what I feel inside

'Cause I, I know You're there, I know You see me
You're the air I breathe, You are the ground beneath
me
I know You're there, I know You hear me
I can find You anywhere

If I could live a thousand lives
And bind the hands of time
If I could rise up high
And catch a glimpse of every eye

I know You're there, I know You see me
You're the air I breathe, You are the ground beneath
me
I know You're there, I know You hear me
I can find You anywhere

I know You're there
I know You're there
I know You're there
You're there
