Living on my own, thinking of myself
Castles in the sand, temporary wealth
Now the walls are falling down
Now the storms are closing in
And here I am again

Jesus, hold me now
I need to feel You in this place
To know You're by my side
And hear Your voice tonight

Jesus, hold me now
I long for Your embrace
I'm beat and broken down
I can't find my way out
Jesus, hold me now
Jesus, hold me now

Curse this morning sun
Drags me into one more day
Of reaping what I've sown
Living with my shame

So welcome to my world
And the life that I have made
Well, one day you're a prince
And the next day you a slave

Jesus, hold me now
I need to feel You in this place
To know You're by my side
And hear Your voice tonight

Jesus, hold me now

I long for Your embrace
I'm beat and broken down
I can't find my way out
Jesus, hold me now

Lord, I just looked up today
And realized how far away I am from where You are

And I don't know what else to pray
Broken at Your feet I lay
The life I've torn apart

Jesus, hold me now
I need to feel You in this place
To know You're by my side
And hear Your voice tonight

Jesus, hold me now
I long for Your embrace
I'm beat and broken down
I can't find my way out

Jesus, hold me now
I feel You in this place
I know You're by my side
I hear Your voice tonight

Jesus, hold me now
I long for Your embrace
I'm beat and broken down
You are my way out
Jesus, hold me now

Jesus, hold me now
Jesus, hold me now
Jesus, hold me now
Jesus, hold me now
