Clashes are foretold, inner fire to behold  
Heart commandment, hands' adjustment  
The intellect of black eyes, of "South-North" is sunrise

Uncontrolled situation, with silent obligation  
Harmony corrupted, quietness abrupt  
Walls of bodies' stand, circle of gods to amend  
Creating obscurity, breaking impurity  
Pride was once seen, through lust so keen  
This flesh is the last, for desert is too vast  
In craving for ignorance, no place for tolerance

No will to redeem, this rule is so supreme  
Dreams apart, the pain to thwart

Coldness attained, slavery not obtained  
The only point to trust, is the feeling to be aghast

Never Ending Error [x2]

Nefarious horde, emotion being lord  
Betrayers identified, wishes sanctified  
Desires far not gentle, becoming deeply parental  
During aeons everlasting, truth has been blasting

Sun's darkness, moon's brightness  
Nothing to be converted, everything is perverted...
