Somewhere between the hot and the cold
Somewhere between the new and the old
Somewhere between who I am and who I used to be
Somewhere in the middle you'll find me

Somewhere between the wrong and the right
Somewhere between the darkness and the light
Somewhere between who I was and who you're making
me
Somewhere in the middle you'll find me

Just how close can I get, Lord, to my surrender
'Cause I'm losing all control

Fearless warriors in a picket fence
Reckless abandon wrapped in common sense
Deep-water faith in the shallow end
We are caught in the middle

With eyes wide open to the differences
The God we want and the God who is
But will we trade our dreams for His
Or are we caught in the middle?
Are we caught in the middle?

Somewhere between my heart and my hands
Somewhere between my faith and my plans
Somewhere between the safety of the boat and the
crashing waves
Somewhere between a whisper and the Lord

Somewhere between the altar and the door

Somewhere between contented peace and always
wanting more
Somewhere in the middle you'll find me

Just how close can I get, Lord, to my surrender
'Cause I'm losing all control

Fearless warriors in a picket fence
Reckless abandon wrapped in common sense

Deep-water faith in the shallow end
We are caught in the middle

With eyes wide open to the differences
The God we want and the God who is
But will we trade our dreams for His
Or are we caught in the middle?

Fearless warriors in a picket fence
Reckless abandon wrapped in common sense
Deep-water faith in the shallow end
We are caught in the middle

With eyes wide open to the differences
The God we want and the God who is
But will we trade our dreams for His
Or are we caught in the middle?
Are we caught in the middle?

Lord, I feel You in this place
And I know You're by my side
Loving me even on these nights
When I am caught in the the middle
Caught in the middle
