Don't want to wake up today  
It's already raining  
And I'm thirty minutes late  
And my ride got mad and left me  
I know he hates to wait  
It's gonna (yeah) be a long, long day

Lord, I thought there'd be much more than this  
I'm not asking for rollercoasters  
Some peaceful state of bliss  
I thought by now I'd be killing giants  
Walking on the waves  
Just wanna get started  
We've got a world to save

Chorus:  
If I could sit  
Just for a while and talk with you  
I need to feel you near me  
I need to know you're by my side  
I need to hear your voice tonight  
I need to know you hear my cry

If you just write  
Across the sky my destiny  
Maybe then I'd see it  
Then I would trust you all these rainy days  
When I can't see through the haze  
It sure would ease the wait

Just trying to figure this all out  
Lord my heart is soft and willing  
My mind is full of doubt  
And I cry out for your direction  
Smothered the spark with questions  
Please

If I could sit  
For a while and talk with you  
I need to feel you near me  
I need to know you're by my side

I need to hear your voice tonight  
I need to know you hear my cry

If you just write  
Across the sky my destiny  
Maybe then I'd see  
And I'd trust you all these rainy days  
When I can't see through the haze  
It sure would ease the wait

Musical Interlude

If I could sit  
Just for a while and talk with you  
I need to feel you near me  
Need to know you're by my side  
I need to hear your voice tonight  
I need to know you hear my cry

If you just write  
Across the sky my destiny  
Maybe then I'd see  
And I'd trust you all these rainy days  
When I can't see through the haze  
Sure would ease the wait

Ease the wait
