I'm looking for a girlfriend, I want everything
Noise in this world
Someone to lie next to
I want
Wherever I want
Whatever jackknife feels right
Do it on the blind kids
I want
Wherever I want

I'm just the crossed out names
in your addressbook
Sticks in wet tar
Sticks in my mouth
Make me feel as false as you look

You're so graceful, you're so hateful,
I feel clumsy when I'm near you
I want
wherever I want
Whatever jackknife feels right
Do it on my own face
I want
Wherever I like

I'm just the crossed out names
in your address book
Sticks in wet tar
Sticks in my mouth
Make me feel as false as you look

I'm looking for a girlfriend, I want everything
Noise in this world
Someone to lie next to
I want
Wherever I want
Whatever jackknife feels right
Do it on my own face
I want
Wherever I want

I'm just the crossed out names
in your address book
Sticks in wet tar
Sticks in my mouth
Make me feel as false as you look
