This is a story about my love
When I lost to a rock star
That's how I'm summing it up this time
Uuu...
You say he always has time for you
And he knows how to please you
That's how I'm summing it up this time

Chorus:
You're in love with a rock star
Trying to get your head around my love
And me
I'm only listening
Yeah...
Cuz he's in front with a head start
Being the prince with magic carpet rides
And me
I'm only listening
Yeah...

You've shown me more than I need to know
That I've lost to a rock star
This time I'm taking my pain in pride
I know there's no way in this darn world
I'd outshine a rockstar
I've given all that I can this time
Chorus

This is supposed to be
A story not for me
Not for me
Am I supposed to be
Trying to win your love

Chorus
