We are people with minds of our own
Rejected and unwanted
So don't be afraid to show your thoughts
Rejected and unwanted
To be an individual is rough in this world
Rejected and unwanted
The best men in this world weren't clones
Rejected and unwanted
Chorus-
They kick us in the head, they kick us in the balls
We're the punks
They make loud jokes they make you feel small
We're the punks
They're ignorant and afraid of our cause
We're the punks

Well i learned from past history
Rejected and unwanted
Those who try to change suffer a lot
Rejected and unwanted
So i won't conform to rules or laws
Rejected and unwanted
The best men in this world weren't clones

Chorus

Now my mind is very clear
Rejected and unwanted
You bastards live off our fears
Rejected and unwanted
Your wise ass comments make me snear
Rejected and unwanted
The best men in this world weren't clones

Chorus
