"Without Warning"

Oil production already peeked
Our days - Are now numbered
We are heading towards disaster
And most of us don't even know it

WITHOUT WARNING - NO SECOND CHANCE
And most of us don't even know it!
WITHOUT WARNING - NO SECOND CHANCE

Instead of using alternatives
Drained the earth - Oil is extinct
We will not be prepared
With no preparations, crisis will arise

WITHOUT WARNING - NO SECOND CHANCE
With no preparations, crisis will arise!
WITHOUT WARNING - NO SECOND CHANCE

Economic crash brings depression
Fool and energy shortages
Fighting over resources
Millions of human D E A T H S!

WITHOUT WARNING - NO SECOND CHANCE
Millions of human D E A T H S!
WITHOUT WARNING - NO SECOND CHANCE

THEY DON'T GIVE US AN ALTERNATIVE
IF THEY CAN'T MAKE MONEY OUT OF IT
