Here I lie, bitter and cold,
Watch this drink take over my soul,
Tonight is the night I finally do what's right for me,
And what's that I hear?
An angel singing for all those behind the wheel,
Save your breath this year,
Save your breath this year,

You were all that I wanted,
But I'm not strong enough,
You can tell me that the stars won't lie to me,
It's just you I don't trust,
And it goes on and, on and on,
On and on and on,
You can tell me that the stars won't lie to me,
It's just you I don't trust.

Well I know we're no better at excuses than apologies,
And I'll keep on running until the sky falls down on me.

You were all that I wanted,

But I'm not strong enough,
You can tell me that the stars won't lie to me,
It's just you I don't trust,
And it goes on and, on and on,
On and on and on,
You can tell me that the stars won't lie to me,
It's just you I don't trust.

Well I know we're no better at excuses than apologies,
And I'll keep on running until the sky falls down on me.

You were all that I wanted,
But I'm not strong enough,
You can tell me that the stars won't lie to me,
It's just you I don't trust,
And it goes on and, on and on,
On and on and on,
You can tell me that the stars won't lie to me,
It's just you I don't trust.
