### "The Moon"

The moon is not only beautiful  
It is so far away  
The moon is not only ice cold  
It is here to stay

When i lay me down  
Will you still be around  
When they put me six feet underground  
Will the big bad beautiful you be around

Everyone says they know you  
Better than you know who  
Everyone says they own you  
More than you do

When i lay me down  
Will you still be around  
When they put you six feet underground  
Will the big bad beautiful moon be around

'cause the moon is not only beautiful  
It is so far away  
The moon is not only ice cold  
It is here to stay

Everyone says they know you  
Better than you know who  
Everyone says they own you  
More than you do
