"They Tell Me"

They tell me what they do
I don't know what they're talking about
They tell me what they do
I don't understand what they're talking about
They're talking about it
I did not start this conversation
I don't intend to keep talking about it
They tell me about it
Maybe if i pray to the lord above
I'll get some sleep
But the lord don't give a shit about me
They tell me what they do
How can I help it, how can I help it?
I sure can't shut them up
