Oh I see, sunny days
Oh I go that far
You and the night is over
Will you tell me that you've always been thinking of me
Indirectly you say to me the hand of a night(?) Is not a
hand for me
That's the most sad I've ever heard from another man
A wealthy man
That's the most sad I've ever heard from another man
A wealthy man
Oh I still see sunny days
Oh I go that far
You and the night is dragging on
Maybe I will dream that you will tell me
You 've always been thinking of me
Indirectly you say to me
The hand is not a hand for me
Indirectly you say again the hand of
The night is not
A hand for me
That's the most sad i've ever heard
From another man
A wealthy man
That's the most sad i've ever heard
From another man
A wealthy man
