Maybe now
My love can get on its feet
You're my baby now
And that's something no one else can beat

Well, we're back to the good old times
And we're lovin' like we've never loved before
Baby, we're back to the good old times
And that's for sure

Breakin' up
Must've done us some good
'Cause makin' up
Made me love you much more than I could

Well, we're back to the good old times
And we're lovin' like we've never loved before
Baby, we're back to the good old times
And that's for sure

Kiss me now
Just like you used to do
And this is how
I tell if you love me too

Well, we're back to the good old times
And we're lovin' like we've never loved before
Baby, we're back to the good old times
And that's for sure

Well, we're lovin' like we've never loved before
Keep, keep on lovin' and we'll never go wrong
Baby, we're lovin' like we've never loved before
Keep, keep on lovin' and we'll never go wrong

Yes, we're lovin' like we've never loved before
Keep, keep on lovin' and we'll never go wrong
Baby, we're lovin' like we've never loved before
Keep, keep on lovin' and we'll never go wrong
