I can't budge baby, I can't move
Without your love to guide me
I don't know honey that's the truth
What laid you down beside me, yeah, yeah

Heat me with your love, oh
Your lips were meant for mine
Nobody else can bake me like a

No no no, like a bonfire
Your love is like a bonfire
Burning deep within me
Now some folks said
"It's no good to smoke in bed
But I just turn off my ears and
I jump into the fire again"

I feel so weak, yeah, I can't sleep
Without you there to hold me
Promise me you won't ever leave
Or I would die so coldly, yeah, yeah

Kiss me with your eyes, oh
Please don't let it rain
Don't kick no dust

On my bonfire
Your love is like a bonfire
Burning deep within me
Now it just grows, no matter
Where the wind blows
Yeah, but since you
Touched me I can't hide it
I've been so delighted with you

Yeah, yeah

Oh, heat me with your love
You opened up my heart
I just can't live without you
Oh, I just couldn't live another day

Your my bonfire
Your love is like a bonfire
Burning deep within me
Now some folks said
"It's no good to smoke in bed
But I just take off my clothes
And I jump into the fire again

Heat me baby, heat me
