

## Cat Stevens

### "There Is Peace"

Visit "[There Is Peace](#)" on MotoLyrics.com

There is peace  
you can taste it if you try  
can embrace it if you try

There is love  
you can live it if you try  
you can give it if you try

People walk this earth  
people rush around  
but there is no rest till there hearts bow down

There is a dream  
you can reach it if you try  
you can make it if you try

There is a God  
you can know him if you try  
you can approach him if you try

There are angels  
they are with you day and night  
you can know them if you try

I have searched this world  
I have seen the signs  
But i will not rest till i past the line

There is heaven  
you can know it if you try  
you can go there if you try  
and if God wills it, will be
