When we ran through the paths
In the woods, late at night.
I could feel safe with you,
Where we'd go, you would lead.
As we ran deep into the night endlessly.
I knew you were the one I would love eternally.

Eternally, I will love you forever more
Through the nights, through the days.
Through the harsh winter months
Comes the rose in the spring.
We'll still love forever more.
Eternally I will love you forever!

Even though we are now far a part,
For a while,
I could still feel your love
Where you are in the night.
I will wait
For you
For that day
You'll find your way.

Eternally, I will love you forever more
Through the nights, through the days.
Through the harsh winter months
Comes the rose in the spring.
We'll still love forever more.
Eternally I will love you forever!

Though the distance between us
Is long and far.
I know you're somewhere close.
Underneath the starry sky.
Gave me a promise
You'd return home to me.
So I'll wait for you
For that day
To come finally.

Eternally, I will love you forever more
Through the nights, through the days.

Through the harsh winter months
Comes the rose in the spring.
We'll still love forever more.
Eternally, I will love you forever
Ohhhhhhhhhhhhhhhhhhh Forever More, Oooh I will love you
forever more
Ahhhh E-ter-nal-ly
