It's like the rules were never made  
All the fools will not be save  
So we pack bags and run into the rain  
Down electric streets we'll burn.  
Every look a chance to learn  
So don't await some great return;  
Eclipse the sun...and it is gone  
(\*\*)  
Don't wait up-we're on the run.Don't wait up-we're  
having fun  
Don't wait up-we're going to stay so late up.just don't  
wait up  
Don't wait up-we're on the run.Don't wait up-we're  
having fun.  
Don't wait up..  
(\*\*)  
There is nothing in the world that can ever quite  
compare.  
To a beating heart that echoes through the air  
If we need something to own.then love is ours and ours  
alone.  
So don't look down-this bird has flown-just lock the  
door.  
Hang up the phone  
(\*\*)  
We're making history  
Doesn't it look easy..  
(\*\*)
