There's one bright star in the sky tonight (a promised
wealth. A promised wealth)
To pierce the truth and touch it right? (the thing itself.
The thing itself)
Familiar scents on the winter air (don't give in. don't
give in)
Surrender now? Well. I wouldn't dare (discipline.
Discipline)
I was your shadow. I darkened your doors.
I was your shadow; down in the floor ? not any more.
So say it again? say it's over again. Over and over
again.
I can't say how. But daring I don't need you now.
Play it again? play it over again. Over and over again.
I've made the break - feeling good and no mistake.
Plans were set for the perfect crime (so sublime. So
sublime)
The past betrays what was said outside (a pantomime,
a pantomime)
I begged the strength to disavow (an endless thirst. An
endless thirst)
Abstinence is a mighty power (do your worst. Do your
worst)
I was your mirror. But you were not mine
I was your mirror; wasting my time. Waiting to shine.
But as it's getting dark. I'm going home (I'm going
home)
And as I'm safe inside. The door is closed.
