Evilution devilution
Revolution screaming metals on it's way
And there's hell to pay
[verse 1]
I can hear the screams of hate
Echoes of retribution
I can see the country's fate
Legions of revolution
[pre-chorus]
We all have one voice
Scream out for change
For change
[chorus]
Betrayal
Betrayed our trust
Lies that shine in time turn to rust
Betrayal of the masses
[verse 2]
I can see them standing there
Writing the constitution
All for one and none for all
Seems to be their solution
[pre-ch]
[chorus]
[solo]
[repeat 1st verse]
[pre-ch]
[chorus]
