Oh baby, you can see me on TV
I know the hearts are mine
Baby, baby in the light of mystery
Oh, that's a good sign
Baby, baby feel my heart emotion
Baby, baby feel the deep devotion
Baby, baby but my heart is beating
I know my heart's deceiving

REFRAIN:

V.I.P. they're calling me tonight
V.I.P. oh time is on my side
Baby, baby I'm living on airports
Baby, baby, I'm going to New York
Baby, baby, oh my heart is burning
I'm tossing and I'm turning
V.I.P. they're calling me tonight
V.I.P. oh time is on my side

Oh baby do you see the magazines
Oh that's so, so fine
Baby, baby right next to good James Dean
I know the hearts are mine
Baby, baby feel my vibrations
Babe, I'm an overnight sensation
Baby, baby but my heart is feeding
I know my heart is a sealing
