[Verse 1:]

I know, that you're everything that I'll ever need
And it's really quite amazing
And you know, that there's something between you and
me
But you're driving me crazy!
Come here and take my hand, I'll help you out again.
I'll take these things you said to me and wonder if
they're planned.
I'll help you every night, I'll sit here by your side,
I'll think of you right here, and wonder if the feeling's
right.

[Chorus:]

Say you're sorry, say it to me.
You know you make me crazy
Say you're sorry, say it to me.

You know you make me crazy

[Verse 2:]

I know that I'm everything that you'll ever need
And it's really quite amazing
Cause this time, there's nothing between you and me
And it's driving you crazy.
You look so troubled now, I'll take your troubles down
And I hope that it's everything you wanted now
I see you every day, it always goes the same
And it makes me wonder why I feel this way

[Chorus]

[Bridge:]

And if I held you again, would you know what to do
If I called you my friend, would you want me to?
And if I held you again, would you know what to do

If I called you my friend, would you want me to?
