[Verse 1:]

I saw you staring at me from the back of the room
And you were dancing but you saw me staring back at
you too
And I was watching you watching me, watch you.
And you were leading me on, with the way you move
And I knew just what to do!

[Chorus:]

So we danced all night (And you held so tight)
And it felt so right (Under the spotlight)
And it wasn't too soon (Till I was in your room)
And you felt so smooth (With the way you move)
And you said ("Don't you want me?")
And we kissed, (And I felt your heartbeat)
When we touched (between your bedsheets)
In the summer heat, oh summer's sweet.

[Verse 2:]

I didn't want you to leave, but I had places to be
And I kept dreaming of the only girl I wanted to see.
I couldn't help but think of what she told me.
The minutes turned into hours, days turned to weeks.
I just couldn't wait to see.

[Chorus]

[Bridge:]

You held me oh so tight
As we had said "goodnight"
Kiss me with all your might,
And make my heart ignite

[Chorus]

[Chorus]
