[Intro:]

You know you love me and you don't know why (don't know why)

You know you love me and you don't know why (don't know why)

[Chorus:]

You know you love me and you don't know why

I'm just your average, typical kind of guy

The way you move baby you caught my eye

When you dance, on the dancefloor

[Verse 1:]

You make me sweat when you do that walk you do

The way your hips can move the way they do

You've got the moves to make the world want you

You're something beautiful.

[Chorus]

[Verse 2:]

The way you flip your hair, you're going to make them stare

You like the "truth or dare" but no one wants the truth girl,

They only want the dare (it's the truth I swear)

The way you lead them on girl, you know it's not fair.

But girl you don't care.

[Chorus]

Bunch of you know you love me's...

[Chorus]
