A-nother day goes by, it goes by.  
Still I am far away  
From your side, from your side.  
And Oh my heart, how it aches sometimes  
It aches sometimes  
And though we're apart  
I've got you on my mind.

You're on my mind  
You're on my mind  
You're on my mind.

You're on my mind  
You're on my mind  
You're on my mind.

The end of this road  
You'll never know, you'll never know.  
And all that we have  
We'll never hold, we'll never hold  
And somedays I, just can't seem to find  
Seem to find  
A single way  
To get you off my mind.

You're on my mind  
You're on my mind  
You're on my mind.

You're on my mind  
You're on my mind,  
And one day when all this travelling has ceased  
I will lay my head and rest my feet  
Dream of all the days when we were young and free  
When I had you  
When I had you with me  
When I had you with me, yeah.  
When I had you with me.
